Facility IN/OUT of Network Disclosure Notification

If the Primary Insurance Plan provided by you is a contracted insurance plan with Hunterdon Health's /Bridgewater Ambulatory Surgery Center, this letter is to inform you that the facility is **in network**, and you will not pay more than the in-network copayment, deductible, or coinsurance. You should contact your insurance company if you should receive bills that appear to be out of network rates. Patients and prospective patients should contact each health care practitioner who will provide services in the facility

- Bridgewater Ambulatory Surgery Center In-Network
- Anesthesia providers In-Network
- Laboratory providers In-Network information

Please visit the Insurance section on our website.

- or as an external service to determine the health insurers and health maintenance organizations with which the health care practitioner participates as a network provider or preferred provider. The patient and their provider(s) are responsible to elect and determine which services, diagnostics, and planned procedures will be authorized to perform based on their intended payment plan and policies. The facility's billing office are always available as resources for the patient pre-procedure for assistance.

Please contact the facility directly for guidance at 908-237-4016 during regular business hours for assistance. Questions related to financial assistance, payment plans, and collection procedures are always welcomed and encouraged if they arise.

In accordance with the New Jersey Out of Network Law, the facility is required to let you know that some services associated with your staff may be provided on an out of network basis.

If the Primary Insurance Plan provided by you is not a contracted plan with Hunterdon Health's/Bridgewater Ambulatory Surgery Center, this letter is to inform you that the **facility is out of network**, and there may be services provided during this visit by **providers who are also out of network with your insurance plan**.

- Please know that you must inquire separately with your physician and associated providers to find out if they are out of network. Your surgeon and other health care providers not limited to but as example anesthesiologists, intraoperative monitoring services, durable medical suppliers, and anatomical pathologists may provide services to you at the facility that are not a part of facility's fees. If any of their services are provided to you while being a patient of facility, the provider(s) will bill separately for their services rendered.
- You should have contacted your insurance company to discuss out of network benefits, if any, and identify the specific potential out of pocket expenses as they will exceed out of pocket expenses for an in network practice/facility; and
- Patients and prospective patients may request from this facility and other health care providers a more personalized estimate of charges and other information including specific contact information prior to service. A list of facility charges by procedure are available upon request at the surgery center.
